Assignment 1

Q1: In at least three complete sentences, describe the site of the Kakuma Refugee Camp. The information you need to answer this question can be found throughout the first video. Many of the lost boys were interviewed while at the Refugee camp.

The refugee camp is located on all flat land, as far as you could see within the camera frame; the land had no mountains at all. Although the video said they had walked over mountains to reach the refugee camp, they didn’t seem to be close in sight to the camp. The site appeared to be very desert like, with very little vegetation and that vegetation being somewhat further from where the houses or shacks were located it. At one point, the video panned to the boys playing soccer and you could see the dust flying up around them while they played; the ground was very dry.

Q2: In at least two complete sentences, describe the spatial distribution of buildings within the Kakuma Refugee Camp. The information you need to answer this question can be found throughout the first video.

I quickly noticed that, regarding spatial distribution, the houses or shacks were all located extremely close to one another. I also noticed that not only were the houses very close together; there was a lot of empty space around them. It wasn’t as if the houses were all crammed into a little area, but rather crammed together in a very large area, in which they didn’t need to be so close together.

Q3: Why did the lost boys flee their homeland?

The lost boys fled their homeland due to a civil war in Sudan where villages in southern Sudan were attacked by Islamic forces from northern Sudan. After fleeing their villages, they continued walking...
